

El Corazon Compost Facility

Learn how to Garden and Grow Food in your own backyard - or even in your community garden.

Free monthly classes with Master Gardeners Diane Hollister and Pete Ash are being held on the third Saturday of every month from 1:30—2:30 at the El Corazon Compost Facility in Ocean-side.

3210 Oceanside Blvd

Call today to reserve your space!

1-800-262-4167 ext. 4

“HOME GROWN” COMMUNITY GARDENING SERIES

January Fruit tree care... pruning and spraying

February Starting with seeds...seed selection, planting and care

March Building a garden bed...size, location, soil building

April Watering the garden...knowing when to water, using soaker hoses and drip irrigation

May Worms, they're not just for fishing...how to take care of worms

June Planting a second crop...timing is everything, plant crops that will go into the fall

July Summer pruning for fruit trees.... Controlling size for more production

August Compost...good for your garden, good for the earth

September Planting for fall...take advantage of the winter rains to grow great veggie gardens

October Cover crops...improve soil health by planting soil building legumes and grasses

November Tool care...take a minute to take care of the gardener's best friends

December Take a break...everyone seems much too busy this month!
